

PROJECT STATUS REPORT	
Project Name	FurScan
For Week Ending	Week of October 23, 2023
Project Status	Yellow 😐
Status Description	<ul style="list-style-type: none"> - Not many documents have been completed throughout - However, we have a working partial backend, partial for the scope of this project as it is only a small part of it - Planned actions include: <ul style="list-style-type: none"> • Completion of more project planning and initialization documents. • Establishing scope/MVP requirements. • Creation of Low-Fidelity and High-Fidelity Prototypes. • Start working on frontend of application.
Activities—During the Past Week	
<ul style="list-style-type: none"> - Had a meeting with our project mentor Dr. Chan - Further defined our project background and business opportunity - Completed some documents such as Business Case, Stakeholder Register, Roles and Responsibilities, Meeting Minutes 	
Activities—Planned for Next Week	
<ul style="list-style-type: none"> - Completion of Project Planning and Initialization Documents - Establish Scope/MVP requirements - Create Lofi/Hifi Prototypes - Start frontend work/experimentation of mobile application 	
Project Issues	
<ul style="list-style-type: none"> - There is an accuracy problem with our current backend, only a few hundred images for each category and thus a small dataset for machine learning. 	
Project Changes	
<ul style="list-style-type: none"> - None yet as this is the first SCRUM
